

A romantic couple embracing in a dramatic, low-key lighting setting. The scene is filled with smoke or mist, creating a soft, ethereal atmosphere. The couple is silhouetted against a bright light source, likely a window or a stage light, which illuminates the smoke and highlights the contours of their bodies. The man is wearing a light-colored shirt and a dark tie, and the woman is wearing a dark, possibly sequined, dress. The overall mood is intimate and romantic.

# welcome, I'm Sarah.

My name is Sarah! I am a Colorado based Photographer & Videographer specializing in Weddings & Elopements. I have been capturing timeless memories behind my lens since 2016 and it has been a dream realized to share my creative art and make magic with so many beautiful souls.

Behind my lens I understand the heavy weight of capturing so many firsts and lasts. Your first kiss, first dance, and unfortunately we don't realize it's a last hug, or a last goodbye to someone until all we have is a photo of the last time we were with them. My style of shooting prioritizes candid beauty with guided poses that prompt natural emotion and movement. I want the focus of your day to be on enjoying the beautiful event you've created and bask in the love around you, leave the camera stuff to me!

Happy Planning!

A photograph of a man and a woman in a kitchen. The man is on the right, wearing a black shirt, and the woman is on the left, wearing a white lace dress. They are kissing. In the foreground, there is a white wedding cake on a gold stand with a white topper that says "The Bakers". The woman is holding a glass of champagne. The background shows kitchen cabinets and a stove.

Our day would not have been the same without Sarah, I could not recommend her enough. Not only were the images absolutely stunning, she made everything so effortless on the day of and was so helpful to keep the timeline moving.

No regrets we will treasure the memories she

# what to expect

## my style

Colorado is SUCH a beautiful place that literally no matter where you get married we are sure to find beauty all around us. My distinct style enhances all the colors of your beautiful day to capture your timeless memories in vibrant, deep true to life color.

## how booking works

Having a phone call to chat and get to know each other is so important to me for my couples. The media team you choose to cover your day is the ONLY vendor that is glued to your side from start to finish of your wedding day. This phone call helps to make sure we vibe well together and time to go over how to best capture your day, and how deposits and payment work.

be your  
true self in  
front of the  
camera.

Make sure to stay authentic to what YOU want on your wedding day, this day truly is all for the two of you and I am here to keep that sacred space for you. I'll help maximize the time we take photos in your timeline so that you can enjoy time with those that mean the most to you!

A full-page photograph of a wedding couple walking along the rocky shore of a calm lake. The bride is wearing a long, white, lace-trimmed gown with a long train, and the groom is in a dark suit. They are holding hands and looking at each other. The background features a large, rugged mountain range under a blue sky with scattered white clouds. The foreground is filled with rocks and green vegetation.

your love  
like the movies

An engagement photo session, or a pre-wedding shoot is a perfect way to capture yourselves as a soon to be wed couple. It will help you feel more prepared for your big day and gives you a chance to get comfortable with me as your photographer and in front of the camera.

I'm happy to give you as little or as much direction as you would like for poses and ideas. I am also happy to suggest locations depending on what kind of shoot you would like.

Engagement photos are great for using as 'Save The Dates' for your wedding too!

# wedding day tips

- Include me in your planning! I am happy to chat with my couple's throughout their planning to ensure we leave enough space in the right places to maximize your timeline.
- If you are planning on an outdoor ceremony, ALWAYS have a backup and clear umbrellas

- Take time to intentionally decide on what is most important to you on your wedding day, not every tradition is right for every couple.
- Take time to think about surrounding areas and let's chat about your couple's photos. Sometimes the best spots are only a few minutes from your venue!
- I ALWAYS take my couple's out at sunset, it's just a rule that we don't miss golden hour on your wedding day!

# FIRST LOOK

# FIRST LOOK

First looks are so much fun and can provide different opportunities in your day! First looks are a great opportunity to have a private moment with your partner before the craziness of the day sweeps you away, share private vows, a quick opportunity for some photos of the two of you, and we can take ALL of your bridal party photos before the ceremony then!

This may not be for you if you want to save your partner's reaction for the ceremony, or you are having a small enough celebration that we aren't pressed for time after the ceremony.

A full-page photograph of a bride and groom in formal wedding attire. The groom, in a dark suit, is kissing the bride on the cheek. The bride, in a white lace gown, has a large floral tattoo on her left shoulder. They are standing on a rocky outcrop with a vast mountain range and a sunset sky in the background. The sky is filled with soft, colorful clouds in shades of orange, pink, and purple.

Sarah is so knowledgeable about so much more than photography and truly has a passion for weddings. She helped our vision come to life for our wedding and was so attentive and truly became our friend in the process. You will not regret choosing her!
